

The It Kit

FESTIVE GIFTING GUIDE

CREATE A MOMENT WITH
CUSTOM ELEVATED GIFTING

ABOUT US

Established in 2011, The It Kit paved the way for gifting as we know it, with Real Estate and Corporate gifting at its core. Founded by good friends, Anna and Miranda, who saw a gap in the market for thoughtful, quality and unique gifts that also promise an enjoyable gifting experience.

OUR PROCESS

With over a decade of experience in the gifting industry, we understand how to drive real business outcomes. Our team will collaborate with you to ensure that the gifts we curate for your clients align with your business objectives. We recognize that no two businesses are alike, and we tailor both the gift and the experience accordingly.

OUR POINT OF DIFFERENCE

WE CREATE A MOMENT

Beyond the gift itself, it's the moment it generates that truly matters. Our gifts are carefully curated to create a memorable experience, inviting your clients to celebrate the year that was - creating a moment that is tailored, personalized, and guaranteed to surprise and delight your clients.

A TAILORED APPROACH

Our priority is to provide gifts that are a perfect match for your clients, catering to their preferences, requirements, and aligning with their unique journey with you. We go the extra mile to ensure that the gifts are not just generic offerings, but rather tailored and relevant to their individual experiences. Our aim is to make your clients feel genuinely valued and appreciated, steering clear of any perception of receiving a generic or "one-size-fits-all" gift.

SUPPORTING AND SHOWCASING AUSTRALIA'S BEST

We take pride in partnering with Australia's top gourmet, wine, and homeware brands to deliver the utmost quality experience to your clients. We embrace the opportunity to customize our gifts based on specific regions. By incorporating these thoughtful details, we create a truly personalized and memorable gifting experience.

A photograph of a dark grey door with a green wreath and three white gift boxes on a doormat. The wreath is made of green pine branches and has a white ribbon tied around it. The gift boxes are white and are decorated with green and white striped ribbons. The door is set in a white frame, and the wall to the left is white horizontal siding. The floor is a light-colored concrete or stone, and a brown doormat is placed in front of the door.
