

The It Kit

REAL ESTATE &
SETTLEMENT GIFTING OVERVIEW

CREATE A MOMENT WITH
CUSTOM ELEVATED GIFTING

ABOUT US

Established in 2011, The It Kit paved the way for gifting as we know it, with Real Estate and Corporate gifting at its core. Founded by good friends, Anna and Miranda, who saw a gap in the market for thoughtful, quality and unique gifts that also promise an enjoyable gifting experience.

OUR PROCESS

With over a decade of experience in the gifting industry, we understand how to drive real business outcomes. Our team will collaborate with you to ensure that the gifts we curate for your clients align with your business objectives. We recognize that no two sales are alike, and we tailor both the gift and the experience accordingly.

OUR POINT OF DIFFERENCE

WE CREATE A MOMENT

Beyond the gift itself, it's the moment it generates that truly matters. Our gifts are carefully curated to create a memorable experience, inviting your clients to celebrate their momentous occasions. Buying or selling a home is a significant milestone, deserving of a remarkable celebration. Entrust us to craft that special moment on your behalf - a moment that is tailored, personalized, and guaranteed to surprise and delight your clients.

A TAILORED APPROACH

Our priority is to provide gifts that are a perfect match for your clients, catering to their preferences, requirements, and aligning with their unique journey with you. We go the extra mile to ensure that the gifts are not just generic offerings, but rather tailored and relevant to their individual experiences. Our aim is to make your clients feel genuinely valued and appreciated, steering clear of any perception of receiving a generic or "one-size-fits-all" gift.

SUPPORTING AND SHOWCASING AUSTRALIA'S BEST

We take pride in partnering with Australia's top gourmet, wine, and homeware brands to deliver the utmost quality experience to your clients. We embrace the opportunity to customize our gifts based on specific regions. For instance, imagine celebrating your new home in Perth with a bottle of the finest Margaret River shiraz. By incorporating these thoughtful details, we create a truly personalized and memorable gifting experience.

CREATE A
MOMENT

BESPOKE CONCEPTS

WE WELCOME YOUR BRIEF TO CREATE SOMETHING TRULY UNIQUE & BESPOKE FOR YOUR PROJECT

GURNER

Brief: Gurner wanted to create a small but luxurious gift to give attendees at the launch of their new apartments. The brief was that the item had to be unisex and showcase their brand logo as well as their brand ethos - luxurious, high end, contemporary design.

Our Solution: We created a bespoke candle for them with their own signature scent - the gold lid was subtly embossed with their logo as well as the box with gold foil.

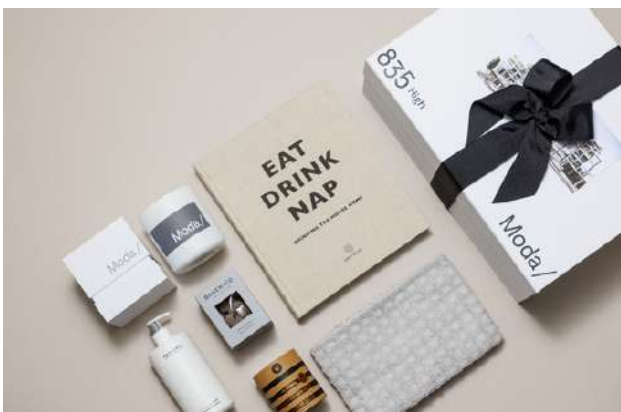

"All I can say about The It Kit team is they provide exceptional service, from initial presentations, to an extraordinary variety of products creating astounding polished packages. You always provide something quirky and tailored suggestions. Every project you have worked on in the last 2 years had out shone the last. We are already looking forward to working on the next project with you!" Claire, Gurner

VISIONEER

- CUSTOM CUT GIFT BOX
- CUSTOM KEYHOLDER
- LOCAL WINE
- LOCAL PROJECT BOOK

MODA

Brief: Moda came to us to create some beautifully presented Settlement Gifts for the buyers of their Luxury Apartments. They wanted the packaging to represent their brand and the products inside to reflect the style and design of the development itself, whilst also being thoughtful and useful.

Our Solution: We sourced products for a few areas of the house - hand towel, hand soap, candle, marbled board, flavoured salt. This was packaged in a luxury hamper box with Moda's logo accompanied by tag with a message welcoming the recipient to their new home.

"The kits are spot on! we have had so much amazing feedback from our clients who appreciated that little extra touch on Settlement - A pleasure to deal with you always - thank you."
Ed, Moda

BRANDING

By offering carefully selected branded gifts, we ensure that your clients have a tangible reminder of their experience with you in the real estate process, allowing them to cherish the memories and appreciate your commitment to their satisfaction even after the settlement is complete.
