

## Certificate of Analysis

Product Name: **Unrefined Shea Butter Organic**

**BATCH NUMBER** 4490703

**BEST BEFORE END** December 2024

PARAMETERS	SPECIFICATION	REMARKS
APPEARANCE	Slightly yellowish to Ivory	Conforms
ODOUR	Characteristic, Free from unpleasant / off odor	Conforms
SOLUBILITY	Insoluble in Water	Conforms
FREE FATTY ACID	0.0 – 8.0	3.42
MOISTURE CONTENT	0.0 – 2.0	0.68
MELTING POINT	32 – 40 Degrees Celsius	37

Storage: Should be stored in original packaging at room temperature (25 Degrees Celsius), away from direct Sunlight.

## **ALLERGEN DECLARATION**

We certify through this document that there is no risk of any allergens known to us in our Organic Unrefined Shea Butter (*Butyrospermum Parkii*) since our production involves processing of single ingredients.

Our supplier limits production to the processing of Shea nuts, which are not allergenic to the Unrefined Shea Butter process. Furthermore, there are no additional flavorings or spices used in the production of our Unrefined Shea Butter and all other processes involved.

They have a very high quality assurance schedule and we ensure that every stage of the production process is checked and are willing to cooperate with any organization in order to further ensure allergen free or allergen controlled products, in order to supply our clients and the general public with a guaranteed product.

<b>Vendor Name</b>	MANSA EXIM (The MANSA Groupe Ltd.)						
<b>Address</b>	11 Olympic Road, Kokomlemle, Accra- Ghana.						
<b>Telephone Number</b>	00233 235318007 or 00233 248990474

<b>2</b>	<b>HAZARDS IDENTIFICATION</b>	
	Environmental Hazards	None expected if handled and used properly
	Human Health Hazards	None expected if handled and used properly
<b>3</b>	<b>COMPOSITION / INFORMATION ON INGREDIENTS</b>	
	Substances Presenting Health Hazards	None Available
<b>4</b>	<b>FIRST AID MEASURES</b>	
	Ingestion	Not considered dangerous
	Skin Contact	Non-irritating

	Inhalation	No vapour appears at normal temperature
	Eye Contacts	Immediately wash off with plenty of water. If eye irritation persists, consult specialist.
	<b>Most important symptoms and effects, both accurate and delayed</b>	
	Ingestion	Not a direct hazard
	Skin Contact	Not a direct hazard
	Inhalation	No vapour appears at normal temperature
	Eye Contact	May cause irritation
<b>5</b>	<b>FIRE FIGHTING MEASURES</b>	
	Suitable Extinguishing Media	Dry powder, foam, carbon dioxide
	Protection For Fire Fighters	Wear self-contained breathing apparatus
	Additional Advice	Water mist may be used to cool closed containers
<b>6</b>	<b>ACCIDENTAL RELEASE MEASURES</b>	
	Personal Precaution	Watch out for slippery conditions when spillage. Avoid contact with eyes. Use personal protective equipment.
	Environmental Precaution	Keep away from drains and ground water
	Methods Of Cleaning Up	Pick up excess with inert absorbent material and place into separate waste container. Flush with warm soapy water.
<b>7</b>	<b>HANDLING AND STORAGE</b>	
	Handling	Handle in accordance with good hygiene and safety practice and avoid spillage on floor. Keep away from sources of ignition.
	Storage	Store in a cool dry place and away from heat and direct sunlight.
	Suitable Packing Materials	Coated steel drums, plastic containers or glass. Avoid direct contact with iron, bronze or copper.
<b>8</b>	<b>EXPOSURE CONTROLS / PERSONAL PROTECTION</b>	
	Hygiene Measures	Wash hands immediately after handling the product
	Respiratory Protection	No special measures at normal temperature and indicated use

	Hand Protection	No special measures at normal temperature and recommended use
	Eye Protection	Wear eye / face protection
	Skin Protection	No special measures at normal temperature and indicated use
<b>9</b>	<b>PHYSICAL AND CHEMICAL PROPERTIES</b>	
	Appearance	Ivory to light yellow, free from foreign objects
	Smell	Characteristic, free from unpleasant / off-odour
	Form	Solid at 20 degrees Celsius
	Melting Point	29 - 34 degrees Celsius
	Flash Point	> 200 degrees Celsius
	Limits Of Flammability	N/A
	Auto Inflammability	Not possible
	Free Fatty Acid	3mg KOH/g maximum
	Peroxide Value	10 meq/kg maximum
	Boiling Point	Not determined
	Explosive Properties	Not explosive
	Solubility	Water insoluble
<b>10</b>	<b>STABILITY AND REACTIVITY</b>	
	Conditions To Avoid	Direct heat and sunlight. Avoid exposure to air.
	Materials To Avoid	Strong oxidizing agents
	Hazardous Decomposition Products	Only through thermal decomposition products: H <sub>2</sub> O and CO <sub>2</sub>
<b>11</b>	<b>TOXICOLOGICAL INFORMATION</b>	
	The product is considered non-toxic	
	Acute Oral Toxicity	No data available
	Acute Inhalation Toxicity	No data available
	Acute Dermal Toxicity	No data available
	Skin Irritation	Not to be expected
	Eye Irritation	Slightly Irritant
<b>12</b>	<b>ECOLOGICAL INFORMATION</b>	

	Persistence And Biodegradability	Readily biodegradable
	Bioaccumulation	N/A
	Eco Toxicity	N/A
	Other Ecological Information	According to the chemical composition, does not contain heavy metals and substances classified as dangerous to the environment
<b>13</b>	<b>DISPOSAL CONSIDERATIONS</b>	
	Product	Dispose off in accordance with local regulations. This material is not considered hazardous waste.
	Contaminated Packaging	Suitable waste disposal site approved by local authorities
<b>14</b>	<b>TRANSPORT INFORMATION</b>	
	Not classified as dangerous material in the meaning of transport regulations.	
<b>15</b>	<b>REGULATORY INFORMATION</b>	
	According to our information, this material is not a dangerous material	
	Chemical Safety Assessment	N/A
<b>16</b>	<b>OTHER INFORMATION</b>	
	The information provided in the Safety Data is correct based on our current knowledge of the product. The above information does not claim characteristics of the product in terms of legal claims of performance / guarantee. This information describes safety measures and no liability may arise from the use or application of the product described herein	

# TECHNICAL DATA SHEET 2022

# TDS

**PRODUCT NAME:**

Shea Butter Organic

**CAS NUMBER:**

91080-23-8

**EINECS NUMBER:**

293-515-7

**INCI NAME:**

Butyrospermum Parkii or Vitellaria Paradoxa (Shea Butter)

**DESCRIPTION:**

Shea Butter is a ivory-coloured fat extracted from the nut of the African Shea Tree (*Vitellaria paradoxa*). Shea butter is a triglyceride (fat) derived mainly from stearic acid and oleic acid. It is widely used in cosmetics as a moisturizer, salve or lotion.

**APPEARANCE:**

Ivory to light yellow, free from foreign objects.

**GENERAL INFORMATION:**

Shea Butter is a natural fat obtained from the fruit of the Shea tree. The Shea tree (also known as the Karite tree) grows wild in the drier regions of West Africa. Shea Butter is an excellent base. It has an unusually high content of oil unsaponifiable matter far exceeding that of Cocoa Butter. It is from this that Shea Butter shows its ability to protect the skin from sun and helps to ease superficial skin irritation. Its oily qualities improve skin softness. Shea Butter is an excellent skin conditioning agent, which melts at body temperature, giving it good spreadability, Shea Butter enhances skin and with its excellent qualities

**COSMETIC USES AND PROPERTIES:**

- As natural fatty component with excellent emollient effect to prevent and relieve dry skin by holding up water.
- As natural source of Phytosterols and Tocopherols with anti-ageing and hydrating effects.
- In sun products for its strong absorption of UVB radiations and for its anti-irritating properties.
- As lipid factor to confer consistence to both O/W and W/O emulsions.

The information provided in this Data Sheet is correct based on our current knowledge of the product. The above information does not claim characteristics of the product in terms of legal claims of performance or guarantee. No liability may arise from the use or application of the product described herein.

#### **CHEMICAL AND PHYSICAL PROPERTIES**

- **Appearance:** Ivory to light yellow, free from foreign objects
- **Smell:** Characteristic, free from unpleasant / off-odour
- **Form:** Solid at 20 degrees Celsius
- **Melting Point:** 29 - 34 degrees Celsius
- **Flash Point:** > 200 degrees Celsius
- **Limits Of Flammability:** N/A
- **Auto Inflammability:** Not possible
- **Free Fatty Acid:** 3mg KOH/g maximum
- **Peroxide Value:** 10 meq/kg maximum
- **Boiling Point:** Not determined
- **Explosive Properties:** Not explosive
- **Solubility:** Water insoluble

#### **APPLICATIONS:**

- Suntan Preparations
- Body Lotions
- Hand Care Products
- Winter Sports Products
- Day Creams
- Night Creams
- Wrinkle Products
- Hair Dressing
- Lip Care
- Soaps
- Shave Foams
- After-Shave Products
- Hair Shampoo
- Hair Conditioner
- Balsam

The information provided in this Data Sheet is correct based on our current knowledge of the product. The above information does not claim characteristics of the product in terms of legal claims of performance or guarantee. No liability may arise from the use or application of the product described herein.

**INCORPORATION**

Shea Butter can be added at any convenient stage in the manufacturing process by melting and mixing.

**COMPATIBILITY**

Shea Butter is compatible with most raw materials used in cosmetics and toiletries.

**TOXICITY**

Care is taken to ensure that products used in the Shea Butter are not known to be dangerous or hazardous to health in anyway and has been toxicologically tested to ensure their safety. However, our Shea Butter has not been tested on animals in the last 10 years.

**STORAGE:**

Keep container sealed in a cool and dry place. Avoid exposure to heat or direct sunlight.

**SHELF LIFE:**

Shea Butter has a life of 2 years from the date of manufacture.

**SAFETY:**

Before using this product please consult our MSDS.

The information provided in this Data Sheet is correct based on our current knowledge of the product. The above information does not claim characteristics of the product in terms of legal claims of performance or guarantee. No liability may arise from the use or application of the product described herein.
