LET'S
GET LOUD

Break the 'either or' rule and go bold on both—the eyes and the lips. There's something beautiful about make-up that comes on strong. Dark eyes (with a hint of wicked shimmer!) with dark lips, or a clash of two classic colours will give you all the attention you deserve.

On Dayana: 'Jellyfish' earrings, **House of Meraki**. Embellished bralette, **Moschino [tv] H&M**.
On Vartika: Minidress, **Falguni Shane Peacock**
