Useful Information

Ancient - Finishes may vary. While most shipments have a whitish appearance some may from time to time have a greenish tinge.

Limestone - All Pots and Urns are hand-made. Finishes may vary from white/grey or yellow/copper. The product is fired in a low temperature kiln sometimes resulting in small firing cracks which in no way affects the products structural integrity. We recommend sealing if pots are for outdoor use.

Sealing - Although many of our products will hold water if holes are sealed, they are not completely water proof. We recommend using a reputable sealant if complete water proofing is required.

Fiberstone - Can be ordered in almost any required shape, size and colour for commercial quantities. In most cases with a lead time approx 12-16 weeks.

Terms & Conditions

Prices - All prices are plus GST and subject to change without notice.

Payment -

1. COD
2. Net 30 days from date of invoice (with approved credit).

Delivery -

1. Free to stockists (retail shop fronts) in Brisbane Metro, Gold and Sunshine Coasts (orders over \$300).

Fibrestone/Terrazzo Lite is a light weight product. Planters are used in a variety of domestic and commercial situations. They come without holes, but can be easily drilled as required. Fibrestone/Terrazzo Lite is not water proof and we recommend sealing for a longer life. Although Blessed Earth hold extensive quantities in our Brisbane warehouse we are not limited to existing ranges or colours. Planters can be designed to client's specific requirements with a lead time, in most cases approx 8-12 weeks.
