USER GUIDE

Thank you for purchasing the TNDEADSHOT by Tilted Nation. This gaming mouse is specifically designed for FPS games and has an built-in rapid fire button to shoot continuously. The precise optical sensor and selectable DPI settings (up to 4000) help you navigate through maps with flawless speed and precision. Additionally, the TNDEADSHOT's polling rates equal 1000 Hz, which will help deliver pinpoint accuracy and extreme responsiveness. Further-more, the Omron Micro Switches ensure rugged durability and longevity (potentially 10 million clicks in a lifetime). Ultimately, in the end, with all of these enhanced features combined, the TNDEADSHOT will help deliver the subtle edge against your opponents, especially when it comes to quick scoping and

About this guide

Before you start using the Tilted Nation TNDEADSHOT, be sure to read this guide in its entirety.

3050 Gaming Mouse Driver Software

The 3050 Gaming Mouse Driver Software will give you full control of your Tilted Nation gaming mouse. Once installed you will be able to create custom profiles so that you can tailor the mouse performance and buttons to specific games, create custom macros (combination keys) to help you gain advantage over your opponents and much more. The software can be downloaded for free at www.tiltednation.com

Package contents

- TNDEADSHOT
- User's Manual

*PC Software can be downloaded for free at www.tiltednation.com

Hardware basics

Note

The RGB color effect can be changed by pressing and holding the Left click, Right click & Scroll wheel buttons simultaneously for about 5 seconds.

- **Floating RGB Mode** (default): Constantly changing in an aurora effect.
- **Off**: No RGB lighting.
- **Full-Lighted**: One solid color matching the current DPI mode.
- **Breathing**: Colors will change in sequence in a breathing effect.

*None of the RGB effects will affect the scroll wheel. The scroll wheels color will always match the current DPI mode.

Installation instructions

Connect the mouse to any available USB A port on your computer. The TNDEADSHOT is Plug-N-Play and will be ready to use after the driver is automatically installed by Windows.

Warranty

Tilted Nation warrants that this product will be free from defects in title, materials and manufacturing workmanship for one year in North America and (2) years in Europe from the date of the purchase. If the product is found to be defective then, as your sole remedy and as the manufacturer's only obligation, Tilted Nation will repair or replace the product. This warranty is exclusive and is limited to the TNDEADSHOT. This warranty shall not apply to products that have been subjected to abuse, misuse, abnormal electrical or environmental conditions, or any condition other than what can be considered normal use. The liability of Tilted Nation arising from this warranty and sale shall be limited to a refund of the purchase price. In no event shall Tilted Nation be liable for costs of procurement of substitute products or services, or for any lost profits, or for any consequential, incidental, direct or indirect damages, however caused and on any theory of liability, arising from this warranty and sale. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.
