Paddle Type

Model

FS-550

Primary Material Of Construction

Alloy

Body Material

Brass

Wetted Materials

Brass, 316 Stainless Steel, Teflon®, Ceramic

Minimum Pressure

Over 500 psi

Maximum Pressure

2,000 psi

Minimum Temperature

-30°F

Maximum Temperature

300°F

Flow Setting

15.0 - 52.0 GPM

Flow Setting Range

Adjustable

Adjustable Range

N/A

Set Point Accuracy

±25%

Set Point Differential

N/A

Switch Type

SPDT (20 VA)

Port Size

1" NPT Male

Electrical Termination

24" Long, 18 AWG, Polymeric Leads

Recommended Filtration

N/A

Approvals

UL Recognized, CSA, CE, FM

Weight
