Daily Grammar Practice: Teacher Guide and Answer Keys available for grades 1 through college

Daily Grammar Practice: Student Workbook available for grades 1 through college

Daily Reading Practice available for grades 1-10

You Can Picture It available in fiction, nonfiction, and poetry for grades 1-5

Writing Starts: Writing Ideas and Story Starters from A to Z

Focused Writing: An Elementary Writing Process Grades K-8

Introduction/Instructions

Welcome to Word Puzzlers. This brief activity combines phonics, spelling, vocabulary, word study, active listening, and critical thinking. It will take ten to fifteen minutes to work through a Word Puzzler. So what do you need to do to get started? Just follow these simple directions.

How do you get ready to use the Word Puzzlers?

1. Make a copy of the letters for each student. Use colored paper if you want to make them to look more interesting. Have each student cut out their letters and put them in his/her zippered plastic bag.

2. Make a copy of the Word Puzzler Help Page for each student to keep for the year. Familiarize the students with the terms when introducing Word Puzzlers.

3. Some of the words should be capitalized since they are names. The letters the students are using are all in lower case, so just talk about which ones need to be capitalized as you come to them.

4. The students can use either a word stand or a word mat on which to build their words. For the word stand, use an 8 $1/2 \times 11$ piece of tagboard. Fold the tagboard vertically in half. Then fold each half vertically in half. Set it on a flat surface so the two folds are resting on the table. This gives the students some privacy to work with the letters and build their words.

How do you do a Word Puzzler?

1. Have each student get out a word mat or word stand and a bag of letters.

2. Call out or write on the board the letters that the students will need for the Puzzler.

3. Have the students spread out the chosen letters above, below, or beside their word mats or stands.

4. Read the clues to the students and have them make the words by adding, dropping, substituting, or rearranging the letters.

5. For the last word in each Puzzler, the students will use all of their chosen letters.

6. Remind the students to return all of their letters to their bags so they will be ready for the next Word Puzzler. Take up the letter bags and the word stands or mats.

What if your students struggle with Word Puzzlers?

1. Some Puzzlers are harder than others, so start with the easier ones first.

2. Students can work in pairs if needed.

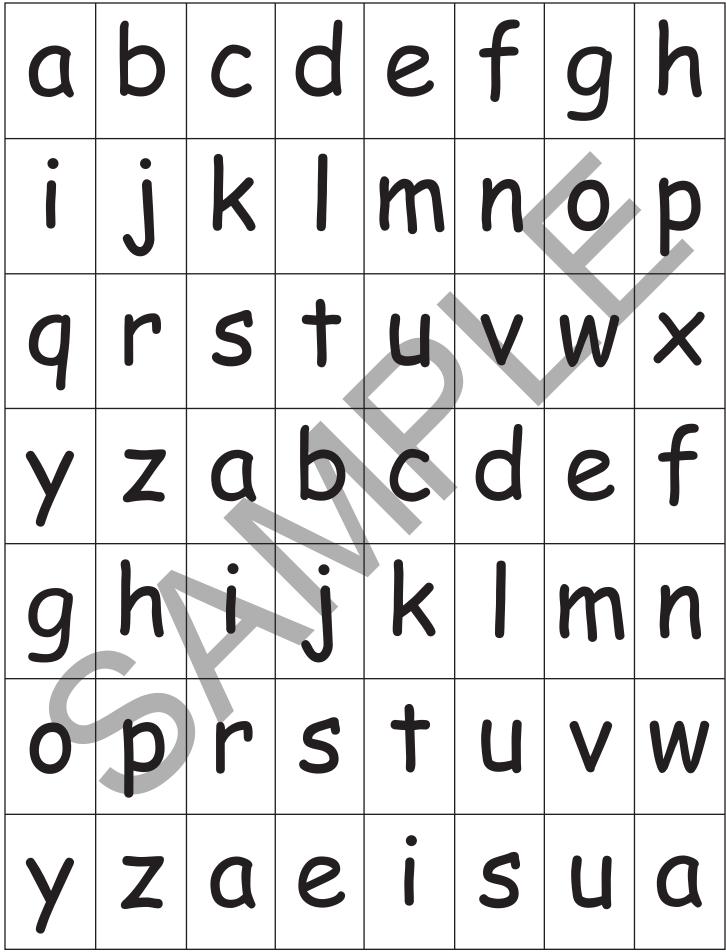

3. You can adjust the difficulty of the clues by changing the definitions. For example, instead of "a celestial body" in Puzzler #83, you could say "something you might see in the sky." Better yet, read the difficult clue first. Then provide an alternate clue if needed so that students are exposed to new vocabulary.

4. Provide other hints as needed, but be sure students have a chance to figure out clues for themselves first.

Curriculum Objectives for Word Puzzlers

The students will:

- use logical thinking.
- use critical thinking.
- increase vocabulary.
- improve spelling.
- follow oral directions.
- add or substitute individual sounds in single or multi-syllable words to construct new words.
- follow words from left to right.
- match print to speech.
- recognize all letters of the alphabet.
- recognize all vowels and consonants.
- recognize and produce antonyms.
- recognize and produce synonyms.
- recognize and produce homophones (homonyms).
- recognize and produce nouns.
- recognize and produce pronouns.
- recognize and produce past, present, and future verbs.
- recognize and produce adjectives.
- recognize and produce interjections.
- recognize and produce suffixes.
- recognize and produce rhyming words.
