---

**How to make:**

**To Fit:** Measure around the widest part of your hand. (knuckles at the base of fingers).

To make:

Ch 37, turn.

Row 1: Skip the first two chains and Hdc in each chain, ch2, turn.

Row 2: Hdc inc each stitch, ch 2, turn.

Repeat Row 2, 11 more times.

Next Row: Hdc in first 9sts, place an opening marker on the last hdc just made, slip stitch in the next 7 sts, Hdc 1, place a marker on this hdc just made. Hdc in remaining stitches to

the end of the row. Ch 2, turn.

Next row: Hdc to marker, chain 7, hdc into the stitch with next marker, continue hdc into each stitch to the end of the row. Ch 2, turn.

Next row: Hdc in first 9 sts, then hdc in to 7 chain sts, then hdc to the end of the row. Ch2, turn.

Row A: Hdc into each stitch to the end of row, ch2, turn.

Repeat Row A 7 total times.

To join the mitt: Fold mitt in half lengthwise, with loop currently on your hook, pick up the back loop (the one closest to you) from the opposite side, wrap around the hook and pull a loop out (2 loops on the hook), wrap and pull the wrap thru both loops on the hook.

Move to the next stitch on the edge, pick up the inside loop from the front edge and the inside loop from the back edge, wrap and pull thru one, wrap and pull thru both loops on the hook.

Continue in this way to sew the edges together. Flip mitt inside out. Make the second mitt in the same way, but flip inside out before sewing the edge.
