

Una Kerchief

by Sara Heckman

Yarn: 1 skein fingering weight 400yds-450yds

Needles: US 6, 24" circulars

Gauge: not important to match gauge

Directions:

Cast on 3 stitches. (I like long tail cast on or cable cast on.)

Row 1: Knit 3 stitches.

Row 2: KFB into the first stitch, knit all remaining

stitches.

Repeat Row 2 every row until you have just enough yarn to cast off remaining stitches (about 3 yards).

Cast off using your favorite stretchy bind off.

Stretchy bind off method:

Knit the first two stitches together through the back

loop of both stitches. Return the remaining single stitch

on the right hand needle to the left hand needle by

slipping it purl wise. Continue in this fashion (knit two

together through back loop, return remaining stitch to

left needle) for remaining stitches. When one stitch

remains, cut yarn leaving a eight inch tail and pull tail

through last stitch, pull tight.
