

6-Outlet Power Stake

BNC-60/U13K

OPERATING INSTRUCTIONS

Press the ON/OFF push button to turn on or off all 6 outlets.

The power indicator illuminates when the power is ON.

In case of an overload (exceeding 15A) or short circuit, the overload protection will be tripped to cut off the power.

To resume power output, remove all appliances attached to the power stake and press the overload protection switch.

IN CASE OF POWER FAILURE

The power stake will stop operating if the power goes out. Once power is restored, the power stake will automatically resume the power state before the power outage.

SAFETY INFORMATION & SPECIFICATIONS

This is a "GROUNDED" device. The male plug contains a ground pin and is only intended for use with a three-pronged grounded outlet.

This power stake is for use with a 125 VAC power source.

125VAC / 60Hz

DO NOT ATTACH A DEVICE THAT EXCEEDS THE UNIT RATINGS:

- 15A / 1875W Resistive (General Purpose) and Tungsten (Incandescent)
- 1.5 HP (Horsepower Motor)

WARNING: RISK OF ELECTRIC SHOCK

- Keep children away
- Unplug before cleaning
- Fully insert plug
- Do not use near standing water.

RISK OF FIRE

- Do not use to control appliances that contain heating elements (cooking appliances, heaters, irons, etc.)
- Do not exceed electrical ratings.
