

Mermaid Tail Pencil Topper

Materials Used:

- Premium Wool Blend Craft Felt - Light Apricot, White, Yellow, Light Purple, Dark Pink, Turquoise
- Embroidery Floss and Needle
- Jumbo Glitter Sample Pack
- Fabric/craft glue (Dries clear)
- Toothpick
- Template

Directions:

1. Using the mermaid tail template, cut out 2 mermaid tails for each color.
2. Make a small mark for the opening of your pencil so that you don't accidentally sew it shut.
3. Using the backstitch, stitch out the tail detail on either one side or both.
4. Sew the 2 tails of the same color together using the blanket stitch.
5. Glue on some jumbo glitter to add sparkle to the tail. This is where using a toothpick or even tweezers will come in handy.

NOTE: When printing template, DO NOT scale image.

— Rough width of a standard pencil.
