LumiPets. by LumieWorld

THANK YOU FOR YOUR PURCHASE
OF THE LUMICLOCK

Please read this user manual carefully before
operating this product.

BACK MODULE FUNCTIONS:

TIME
ALARM
UP
DOWN
ON/OFF
SPEAKER
MICRO USB
SILICONE BODY

ON/OFF BUTTON
Press once to turn on.
Press and hold the on/off button for 2 seconds to turn off tap function (tapping the clock will not change colors or make faces. Use this to keep your favorite color on lock!) .
While tap function is off, press the up and down buttons to adjust brightness.
NOTE: When clock turns off, brightness level resets to original setting.

COLORS / FACES
Tap the clock to switch through colors and make funny faces

TIME BUTTON
Press time to switch between face mode (funny faces will stay and not show time) and time mode (time will show for 1 minute and every 15 seconds a funny face will come on before going back to time).
Press and hold time button to adjust time. Use the up and down buttons to move to desired time. Press time button again to accept the time.

ALARM
Press and hold the alarm button to set the alarm. The bottom left dot indicates PM. To accept the alarm time, press the alarm button. Once alarm is accepted there will be 8 alarm sounds to choose from. Press the up / down buttons to go through them. Press alarm button again to accept the alarm.
In time mode, red dot on the bottom right of the clock indicates if alarm is on or off. Press alarm once to toggle it on or off (red dot = alarm on). Press alarm anytime to see what time the alarm is set to.

UP / DOWN BUTTONS
Press and hold DOWN BUTTON to change volume of the clock
Press and hold UP BUTTON to switch between 12H and 24H

TAP
Press ON: low white
First tap: bright white
Second tap: slow flow
Third tap: freeze current color
Fourth tap: color light off

SUNRISE ALARM FUNCTION

30 minutes before alarm goes off, a soft light will turn on and slowly go from lowest brightness to highest right before the alarm goes off.

WHEN UNPLUGGED:

LumiClocks will auto sleep after 15 minutes. They will stay in standby mode for 12 hours before turning off. Alarm will still go off at the set time. Simply tap the clock to wake it up.

WHEN PLUGGED IN

Face/time stays on display
LED color turns off after 2 hours

CAUTION

1. Do not disassemble the internal device by yourself, so as not to damage the parts
2. When not using the lamp for long periods of time, keep it in a dry environment
