PL-50 PENETRATING LUBRICANT

>>Description

Torco PL-50 Penetrating Lubricant is a multi-use penetrating fluid that displaces moisture and provides superior light film lubrication. PL-50 is formulated to penetrate quickly and relieve seized or rusted parts. PL-50 offers superior wear protection, ant-corrosion protection and will extend the life of treated components.

>>Features

- >Protects against rust
- >Loosens seized nuts & bolts
- >Displaces moisture
- >Multi-use light lubricant

>>Application

Highly recommended for cables, levers, chain rollers, pins, bushings and bare metal surfaces. Also works as an excellent fogging fluid or storage fluid for powersport or power equipment (2-stroke and 4-stroke) applications. Will not harm plastic or painted surfaces.

>>Directions

For best penetrating power or precision application, use the supplied nozzle tube. To loosen seized or stuck parts, allow PL-50 to penetrate for a few seconds before loosening. More lubricant may be necessary to maximize penetration. For best corrosion protection, lightly spray surface and wipe off excess.

>>Package Sizes / P/N

Description	PL-50
19.0 Fluid Ounces	T580014RE
12/19.0-Ounces Case	T580014R
