POTTERY COLLECTION

Campania sources glazed and unglazed terra cotta pottery from the best artisan factories in Asia. We ensure the finest quality material is used in our pottery. We carry a wide selection of finishes and styles. Our collection includes both traditional and contemporary styles and over 70 glaze color choices.

Campania's glazed and terra cotta pottery is high fired at 990 (terra cotta) to 1000 (glazed) degrees centigrade to maximize frost resistance and durability. Glazed and terra cotta Campania products are made by hand with a dense clay specially suited for outdoor use. Hand made glazed and terra cotta containers are less absorbent than machine made, and therefore less vulnerable to winter damage.

CAMPANIA POTTERY PLANTERS

- Hand Made Artisan Quality Pottery
- High Fired
- Frost Resistant
- High quality clay; less absorbent than machine made terra cotta
- Appropriate for indoor and outdoor use
- Over 70 Glaze options
- All recommended commercial products and CAD files can be viewed at www.campaniainternational.com/projects
- Full line can be viewed online at www.campaniainternational.com

POTTERY GENERAL CARE

Always place any Campania product on a solid level surface and not directly on grass, soil, or an uneven surface. Proper winter care is recommended for all Campania terra cotta and glazed planters for protection in environments with potential freeze-thaw cycles. If a planter is to be left planted over the winter, ensure proper drainage by 1.) Placing a layer of coarse gravel or other appropriate drainage material in the bottom of the container, and 2.) Making sure the drainage holes are not blocked. If the planter remains in contact with the ground surface over the winter, the freeze-thaw cycles may cause the planter to crack or spall.

Specifications

* Drain Holes - Standard

* Sold as full set or individually

Item #	Item Description	Outside Dimensions Interior Dimensions	L x W or (D) X H Top: L x W or (D) Bottom L x W or (D) Height	Outside Base Dimensions L x W or (D)	Weight (LBS)

Warranty

Campania provides a limited 3-year warranty for damages occurring during normal product usage. For more information or for warranty claims, please call us at 215-541-4330.

Care and Maintenance

Always place any Campania product on a solid level surface and not directly on grass, soil, or an uneven surface.

Proper winter care is recommended for all Campania terra cotta and glazed planters for protection in environments with potential freeze-thaw cycles. If a planter is to be left planted over the winter, ensure proper drainage by 1.) Placing a layer of coarse gravel or other appropriate drainage material in the bottom of the container, and 2.) Making sure the drainage holes are not blocked. If the planter remains in contact with the ground surface over the winter, the freeze-thaw cycles may cause the planter to crack or spall.

Packaging

Our planters are packaged with 95% recyclable material, including cardboard and 100% reusable natural wood Excelsior.
