

THANK YOU PACKS

It's common knowledge that employees love feeling appreciated. More than the grand gestures, though, it's the little everyday actions that will go a long way in making them feel like valued members of the organisation.

An easy and proactive way to achieve this is by placing a stack of 'Thank You' notes in an easily accessible area in the office, so as to encourage employees to give these to one another, regardless of their designation.

'Engrave - Awards & More' offers this motivational and organisational building tool to you in an eye-catching and smile-inducing sets. Each 'Thank You Pack' contains 50 business card-sized Thank You Notes (5 designs, 10 memos of each design) and 50 white envelopes.

Keep these Thank You Notes in easily accessible and visible areas. That way, employees will feel encouraged often to pick up a Thank you Memo from one of the stacks, add a personal message to it, and hand it over to the person they wish to thank.

So simple. And so heartwarming, no?
