

# Bubble Fun!

Preschoolers At-home  
Uniquely Achieving

## Bubble Mixture

You will need:

- 1 ½ cups of water
- ½ a cup of dishwashing liquid
- 2 tsp sugar

Pour the dishwashing liquid into a bowl, cup or airtight container with lid. Add the water then the sugar and stir everything together gently. You're now good to go! However, the bubble solution tends to work best if you leave it for a couple of hours or overnight.

## Five Little Bubbles

Five little bubbles, floating to the floor.  
One bubble popped and then there were four.

Four little bubbles, round as can be.  
One bubble popped and then there were three.

Three little bubbles, were flying just to you.  
One bubble popped and then there were two.

Two little bubbles, were having so much fun.  
One bubble popped and then there was one.

One little bubble, round as the sun.  
Until that bubble popped and now there are none!

All activities are intended to be performed with adult supervision. As your child's parents/guardians, you will need to decide what you feel is safe for your family. We encourage you to seek professional medical advice if you are not sure about the safety/age appropriateness of an activity. Appropriate and reasonable caution should be used when activities call for the use of materials that could potentially be harmful. Please observe caution and safety at all times.
