

RGB Critter® 2.0 Playlists

The RGB Critter is always showing either a color or color pattern that's located in the Main Menu or a Playlist.

Enter Playlist: Hold the Arrow button and release once the Critter pulses white.

Return To Main Menu: Hold the Power button and release once the Critter pulses red.

Pattern Speed: To adjust the speed of any color pattern, hold the Rocket button.
*The speeds of some of the patterns in this graphic have been increased so that the full color pattern can be seen.
