About weighted blankets

A weighted blanket molds to your body like a gentle hug. The even pressure relaxes the nervous system, triggering a cascade of positive responses in the body. Serotonin levels increase, while cortisol, the stress hormone, decreases, leading to natural feelings of relaxation and well-being within a matter of minutes.

The mechanism by which this occurs is called Deep Pressure Touch.

Our Story

Baloo is inspired by the body's innate wisdom and ability to self-heal. While on sabbatical in Bali, I experienced profound, life-changing relaxation that helped me to reconnect with my own inner guidance system.

Baloo was born as an expression of this experience, intended as a vehicle to support people feeling deeply relaxed, to foster connection within ourselves through a quiet reset, and healing on a cellular level through deeper, more nourishing sleep.

Our products and practices are an expression of our belief in our interconnectedness. When we're better rested we're more tolerant, present, and resilient, making the world a better place to be.

Through our relationships with customers and each other, and giving back, we hope to bring positive change, support and healing to all we touch!

Elizabeth Grojean
Founder & CEO

The Baloo Difference

- The ONLY quilted weighted blanket in the market made with 100% cotton, without the use of polyester liners or fill.
- Cool and breathable all year round, Baloo was named the "Best weighted blanket for hot sleepers," by InStyle Magazine, and "The best weighted blanket to gift," by The Strategist.
- Compassionate customer service, generous policies, and a live US-based person to answer every call, plus a Lifetime Quality Guarantee.
- Meaningful givebacks to the environment and community partners: SeaTrees, the Pajama Program, health care workers and the Black Lives Matter movement, among others.

"An entirely delightful experience"

All-Natural, Chemical-Free Materials

Baloo selects clean and safe certified materials so you can rest easy knowing that all of our products are safe to cozy up with. Baloo weighted blankets are made with 100% chemical-free, premium cotton and lab-tested lead-free glass microbeads.

All full-size weighted blankets arrive packaged in a reusable tote bag and corrugate gift box. The Daydreamer lap blanket is packaged in tissue paper.

Decoration and Personalization

The 12lb Throw Weighted Blanket is beautiful when embroidered with a logo (MOQ of 24) or personalized (MOQ of one for a name or monogrammed initials chosen from our standard fonts and colors). Blank product is also available with an MOQ of one.

Weighted blankets arrive in a canvas tote and gift box for an elegant unboxing experience with zero plastic.
