

INSTRUCTIONS: COAST PS650 FLASHLIGHT

FLASHLIGHT CONSTRUCTION

The PS650 is composed of COAST's proprietary POLYSTEEL® construction, which features a stainless steel core with a textured poly-nylon exterior. The body of the flashlight is storm proof, drop proof, and crush proof.

USING THE FLASHLIGHT

The PS650 is designed with a PURE BEAM® Optic with a three-setting lighting sequence. Use the QUICK-CYCLE™ SWITCH SYSTEM to cycle through high, medium, and low brightness settings by partially depressing the Power Button. After selecting the desired setting, completely depress the Power Button to turn on the flashlight.

ADJUSTING THE BEAM

Equipped with TWIST FOCUS™ TECHNOLOGY, the PS650 can be easily adjusted between an Ultra-View Flood Beam and a BULLS-EYE™ Spot Beam. To pinpoint the beam on a precise area, rotate the bezel clockwise. To expand the beam and maximize the lighting area, rotate the bezel counterclockwise.

POWERING THE FLASHLIGHT

The PS650 is designed on COAST's Alkaline-Dual Power platform, and can be powered by four COAST EXTREME PERFORMANCE™ AA Alkaline Batteries (included), or a COAST ZITHION-X™ Rechargeable Battery (not included).

To change the batteries, unscrew the tailcap and open the battery compartment. Remove all four batteries, discard them, and install four new AA alkaline batteries. Be sure the alkaline batteries are correctly oriented before closing the battery compartment.

WARRANTY

COAST's Lifetime Warranty stands firm behind your product, providing you the assurance that COAST knives, tools, and headlamps, are warrantied against defects in workmanship for the life of the product as long as the original purchaser owns the product. Any problem at all? Just let us know—we'll repair or replace your product. Please understand this warranty does not cover normal wear and tear, nor damage resulting from misuse or neglect. The warranty also does not cover batteries and charging accessories (or damage caused by either). Batteries or damage caused by batteries (i.e. leakage) are also not included in the guarantee. Warranty exchanges do not cover the cost of shipping and handling. Visit coastportland.com/warranty for more information.

CAUTION

The PS650 is compatible with COAST EXTREME PERFORMANCE™ AA alkaline batteries (included), or a COAST ZITHION-X™ Rechargeable Battery (not included). Do not attempt to power the flashlight with carbon-zinc or aftermarket rechargeable batteries. Alkaline batteries are single-use only. Do not mix old and new batteries.
