INSTRUCTIONS:
COAST PX1 FLASHLIGHT

INSTRUCTIONS: COAST PX1 FLASHLIGHT

FLASHLIGHT CONSTRUCTION

The PX1 was constructed with a premium-grade aluminum, selected by COAST engineers specifically for its strength and durability.

USING THE FLASHLIGHT

The PX1 features COAST's patented PURE BEAM® Optics System, as well as a three-setting lighting sequence. Use the Power Button to cycle through Medium, High, and Low brightness settings. Completely depress the Power Button to turn on the flashlight in the desired setting.

ADJUSTING THE BEAM

The PX1 is equipped with proprietary TWIST FOCUS™ Technology, and can be easily adjusted between an Ultra View Flood Beam and a BULLS-EYE™ Spot Beam. To pinpoint the beam on a precise area, rotate the bezel of the flashlight counterclockwise. To expand the beam and maximize the lighting area, rotate the bezel clockwise.

POWERING THE FLASHLIGHT

The PX1 is powered by three Coast Extreme Performance AAA alkaline batteries (included) or a COAST ZITHION-X™ Rechargeable Battery (not included). To change the batteries, open the battery compartment by unscrewing the tailcap. Remove all three batteries, discard, and install three new AAA alkaline batteries. Be sure the alkaline batteries are correctly oriented before closing the battery compartment. To learn more about COAST ZITHION-X™ rechargeable batteries go to coastportland.com

WARRANTY

COAST'S Lifetime Warranty stands firm behind your product, providing you the assurance that COAST knives, tools, and headlamps, are warrantied against defects in workmanship for the life of the product as long as the original purchaser owns the product. Any problem at all? Just let us know—we'll repair or replace your product. Please understand this warranty does not cover normal wear and tear, nor damage resulting from misuse or neglect. The warranty also does not cover batteries and charging accessories (or damage caused by either). Batteries or damage caused by batteries (i.e. leakage) are also not included in the guarantee. Warranty exchanges do not cover the cost of shipping and handling. Visit coastportland.com/warranty for more information.

CAUTION

The COAST PX1 Flashlight was designed to be powered by a ZITHION-X™ Rechargeable Battery, COAST EXTREME PERFORMANCE™ AAA alkaline batteries, or standard AAA alkaline battery. Do not attempt to power the flashlight with carbon-zinc or aftermarket rechargeable batteries. Standard alkaline batteries are single-use only. Do not mix old and new batteries.
