## INSTRUCTIONS: COAST HP3R RECHARGEABLE FOCUSING FLASHLIGHT

### USING THE LIGHT

Use the COAST Quick-Cycle™ Switch to toggle between medium, high and low brightness settings by partially depressing the Power Button. Completely depress the Power Button to turn on the HP3R in the desired setting.

The HP3R is equipped with a sturdy Pocket Clip for secure storage, and a Food-Grade Silicone Bite Cap for hands-free use.

### ADJUSTING THE BEAM

Designed with a Focusing Beam System and Twist Focus™ technology, the HP3R can be continuously adjusted between an Max View™ Flood Beam and a Long Distance™ Spot Beam. To pinpoint the beam on a precise area, rotate the bezel clockwise. To expand the beam and maximize the lighting area, rotate the bezel counterclockwise.

### POWERING THE LIGHT

To access the Battery Compartment, unscrew the tail cap and remove it from the body of the flashlight. Designed with COAST Dual Power technology, the HP3R can be powered with a COAST Zithion-X® Rechargeable Battery (included) or two COAST Extreme Performance AAA Alkaline Batteries (included).

### CHARGING THE LIGHT

To charge the Zithion-X®, twist the tail cap counterclockwise and expose the Pro-Tek Charging Port. Plug the USB-C Y-Split Charging Cable (included) into the Charging Port. Then plug the cable into an available power source.

### ACCESSING BATTERY COMPARTMENT

At first, unscrewing the tail cap will expose the Pro-Tek Charging Port. Continue unscrewing the tail cap until it can be removed from the body of the flashlight.

### BATTERY LIFE INDICATORS

Monitor charging progress with the Battery Life Indicator Light. While the battery life indicator light is red, the battery is actively charging. When the light turns green, the battery is fully charged and ready for use.

The Zithion-X® battery is additionally equipped with a built-in Battery Life Indicator, indicating the status of your batteries charge level.

### CAUTION:

Never submerge the HP3R in any liquid.

Light may feel warm in high mode under normal operating conditions.

Do not use aftermarket rechargeable batteries to power your HP3R.

Do not ingest Silicone Bite Cap.

### WARRANTY

The HP3R is protected by a COAST Lifetime Warranty. For expedited warranty service, as well as discounts and exclusive access to other COAST products, join the COAST Crew at coastportland.com/join.
