

UVC FITTINGS

# VIRUSTRON 2

ULTRAVIOLET GERMICIDAL LAMP

[WWW.SPAZIOMEDICAL.COM](http://WWW.SPAZIOMEDICAL.COM)

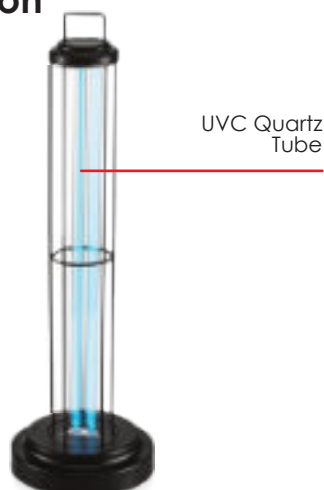

## Description

Ultraviolet germicidal lamp with aluminium body and quartz tube.

The fitting has a 99.99% disinfection rate utilising UVC and also releases Ozone (O<sub>3</sub>) which assists in the disinfection of hard to reach areas. It can be used in different rooms.

The Virustron 2 is operated with a remote control, as humans and animals cannot be in the room while the fitting is operational. It includes 3 time settings 15, 30 and 60 mins.

The Virustron is CE certified.

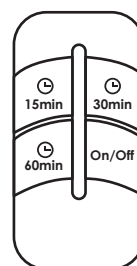

UVC and Ozone (O<sub>3</sub>)

## Specifications

Type + Code	Virustron 2	5001.02
Material	Aluminium	
Illumination	Quartz Tube	
Wattage and Voltage	60W / 230V	
Frequency	50Hz	
Coverage Area	25m <sup>2</sup>	
Dimensions	Diam. 190 x H.600	
Control Method	Remote Control	

## Instructions

1. Plug in the unit.
2. Turn the fitting on with the remote control.

It is recommended that you ventilate the room for at least 40min after disinfection.

3. Select your desired duration on the remote: 15min, 30min or 60min.
4. Once the duration selection has been made the unit will be in operation, therefore it is important that steps 2 - 3 are done outside the room.
5. The lamp will automatically turn off once the selected disinfection duration has completed.
6. After disinfection the unit should be unplugged from the wall.

**Each remote will only work with the fitting it is supplied with.**
