ORGINALITY MUST BE YOUR causality
BELOVED
Community

You are a one of a kind emanation, an original expression of the Divine. There has never been, and will never be, another you. With an ever-increasing awareness of your originality you'll discover that heredity, circumstances, and opinions of you are not the causality of your life destiny. As you consider yourself as an original you have a mandate to be your full self and open yourself up to original thought. This means being available to the voice of God, which is known as inspiration. Original thought is not the repetition of thoughts from the status quo or the drone of information from the news media. It is the expression of wisdom, guidance, creativity, and soulful artistry emanating directly from Divine Mind. Via spiritual practice and sincere intentionality, you break free from herd thinking and living your life from less than your original identity. You rise and shine with the confidence that your life is meaningful and necessary.

Remember, you are an original! Live like it!

Blessings beyond your imagination,
The Rev.
