# Ring Size Guide

Make sure your guide is scaled 100% by positioning a credit card on the line below or placing the correct coin in the ring size chart. Once the card or the coin is completely lined up or fits, you are good to go!

## Option 1: Measure By Matching Your Ring

To find your perfect ring size, use an existing ring that fits the finger you would like it worn on. Match the inside of that ring with one of the circles below. When your ring has been placed on the right size, you should see only the white circle, with none or little grey space. If your ideal fit falls between two sizes, we recommend choosing the larger size.

## Option 2: Measure with our Paper/Ruler Technique

After you cut out the ruler, carefully cut the line to create a slit. Wrap the ruler around your finger at the base and pull the tapered end through the slit. To make sure the ring will fit comfortably, we suggest also measuring your knuckle in case. We suggest selecting a size that goes on and off your finger easily. Sizing availability is specific to each product, though some larger rings can be sized down. Ring size may also vary slightly depending on the style of the ring.
