2: USING YOUR DEVICE

1. Power on by pressing the multifunctional button at the bottom of the device and hold for 2 seconds.
The device responds with a rumble of vibration.
2. A flashing blue light shows that the Virtual Blowbot Stroker is now visible for pairing with your Bluetooth® device. It will turn solid blue once connected.
3. Push the button once. The light will turn white and now the device is in Automatic Mode. Cycle through functions to change the patterns.
4. To turn off the device, hold the multifunctional button for 4 seconds until the light goes off.

3: DOWNLOAD THE FEELCONNECT APP

Please download the **FeelConnect** App and follow the instructions on how to pair your Virtual Blowbot Stroker to the app. The App can be downloaded from Google Play or the App Store.

3.1 Syncing your Virtual Blowbot

1. Once you have downloaded the App please ensure bluetooth is enabled on your smartphone/tablet and on the Virtual Blowbot Stroker.
2. Click the menu icon in the top left hand corner of the app and select "connect a device".
3. The App will then search for active devices.
4. Select Virtual Blowbot Stroker device. A green tick will indicate you are now connected.
5. Click add selected device to complete.

4: MODES

The Virtual Blowbot Stroker has 7 modes. To cycle through each mode, click the single multifunctional button until you reach the mode of your choice.

Mode 1

- Bluetooth® mode*

Mode 2

- Manual mode: Vibration
In Manual mode, use the three touch sensitive buttons to create your own vibration pattern.

Mode 3

- Manual mode: Power

Mode 4

- Auto mode: Blow

Mode 5

- Auto mode: Rythmn

Mode 6

- Auto mode: Pulse

Mode 7

- Auto mode: Wave

* Please note that Bluetooth® Mode is the only mode where you can send and receive signals to and from partners or content.

4.1 Bluetooth Mode

1. In the Bluetooth mode, the feel apps can connect with the Virtual Blowbot Stroker. When connected it can control another device and can be controlled by another device.
2. To pair the Virtual Blowbot Stroker with content, follow the instructions on the FeelConnect App.
3. Go to FeelMe.com, click on “My Devices” in the top right corner, and scan on screen QR code to connect to the content of your choice.
4. The 9 motors can be remotely controlled, separately or independently in groups of 3 over one Bluetooth channel.

4.2 Touch-Sensitive Mode

In this mode the Virtual Blowbot Stroker responds intuitively to touch by swiping your finger over the three touch pads Stroke over the touch pads back and forth to create your own vibration pattern.

Use the multifunctional button to select modes 2 and 3 to customise your pleasure and take full control.

4.3 Automatic Mode

Automatic mode follows on from modes 2 and 3 with an additional 4 modes which feature different vibration patterns.

Use the multifunctional button to cycle through the patterns. You can increase the intensity of each mode by stroking over the touch sensor pads on the top of the toy.

5: CONNECTING TO EACH MODE

5.1 Pairing Devices

When paired online, the corresponding device(s) give you the touch of your partner, from anywhere in the world, enabling you to experience sensations that mimic what your partner is doing in real time.

7: HANDLING AND LUBRICATION

ADVICE:

Hold Virtual Blowbot Stroker at the base of the device and apply a generous amount of water-based lubricant.

Please note:

- Virtual Blowbot Stroker is not a hands free device.

Recommended:

1. Always use a waterbased lubricant.
2. Always use lubricant as it will prolong the lifespan of your Virtual Blowbot Stroker and give you the most comfortable experience.

Do not use:

1. Silicone lubricant as it will deteriorate the sleeve.
2. Massage oils or hand cream as lubricants.

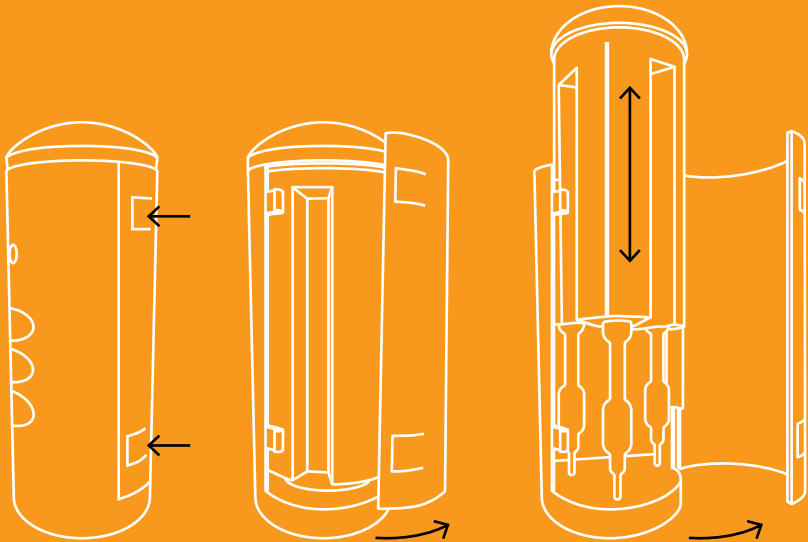

8: CLEANING

Always clean Virtual Blowbot Stroker thoroughly after each use.

1. Press on the mechanism at the back of the product and carefully pull the centre sleeve away from the three motor modules.
2. Use warm water along with a specialised toy cleaner.
3. Ensure the Virtual Blowbot Stroker is completely dry before reassembling.

Avoid cleaners containing alcohol, petrol or acetone and harsh soaps as this might damage the material of the Virtual Blowbot Stroker.

Never submerge the Virtual Blowbot Stroker, it is not waterproof and doing so could pose a risk of **electric shock**.

*Disclaimer: Please ensure you take care when removing the sleeve.
