

NOTICE FROM CO2METER

- 1. A Full** Multi-Point Calibration was completed on this device immediately prior to being shipped. The calibration information for this **CM-1000 GasLab Pro® Multi Gas Sampling Data Logger** has been stored on the 16GB Micro SD Card Included with the device.
- 2. Please note:** Do not remove or delete any of the files on the SD card until you have saved the calibration information on your own device.
- 3.** Factory recalibration can be completed for a \$150 fee, please contact CO2Meter to arrange for your CM-1000 to be serviced.
- 4.** Should you have further questions or concerns, please contact the sales team at sales@co2meter.com.

Thank you!
The CO2Meter Team
