

An Alliance Partnership Unmanned Subject Matter Experts

Exceeding the Needs of First Responders

Program Counsel and Guidance

Obtain confidential advice by public safety subject matter experts. Make informed decisions, based on best practices, facts and shared knowledge. Our skillset extends into emergency management, law enforcement, homeland security, fire prevention, and safety. We help you create a safe and legal program.

Equipment Selection and Acquisition

No pressure advise on the best products on the market. What you need, based on your requirements. Equipment at an honest price. Your choice from over 50 different manufacturers. Drones, software, counter-drone detection, parts & accessories, lighting, tactical equipment and more.

Ongoing Assistance Upgrades and Support

As you grow your program, we remain ready to assist with waivers authorizations, training, recurrency, program improvements, upgrades, maintenance support, and warranty claims. We understand what it takes to keep your program running and will help you be successful.
