not all pagers are created equal

Since 2009 Pager Genius has been helping businesses, page their customers, patients, and workers. Our team has designed and engineered a high-quality paging system to meet your needs. We are passionate about creating the perfect product and helping your business succeed.

Our customers range from Fortune 500 companies to small roadside restaurants. Big or small, our paging system will be an asset to your business. Our customers are our biggest asset, and we look forward to working with you.

Pager Genius offers an industry-best two-year warranty on all of our products. Our pagers are drop proof and waterproof, and will stand-up to everyday use. If you can send it back to us, we will replace it with no questions asked.

Customer service is our passion, when you have a question about our product, a problem, or need to add pagers to your system our friendly agents will be here to help you guide you through the process. We pride ourselves on our customer service and assisting you.

pager genius system features

3 Colors To Choose From

Pager Genius Offers pagers in the color red, blue, and green.

Zero Monthly Fees

Pager Genius equipment does not connect to the internet or any phone lines. All that is needed to operate the system is electricity.

Bright LED Number Display

Our pagers feature a bright LED number display.

User Friendly

The Pager Genius System is super user friendly! Want to page the pager 5? Just press 5, followed by the call button on the transmitter.

Custom Logs For Free

We will include custom logos for you pagers at no additional charge.

Incredible Range

Our transmitter has a 1/2 mile line of sight to reach your customers when you need them. Range extenders are sold for additional range if needed.

Easy To Clean

Our pagers will stand up to any disinfectant you would like to use to clean them.

Batteries That Last Entire Day

A high powered lithium battery powers our pagers. Once fully charged, the pagers can stay off of power up to 90 hours and still operate.

Add New Pagers To Your System At Anytime

As your business grows, you can add pagers to your system, and we will ship them to you. We made it easy to add pagers into your existing system at any time.

INDUSTRIES

Fast Casual To-Go Restaurants

15%

Fifteen percent of your customers are busy doing other things when you are calling out their name or number when their order is ready.

27%

Your staff will be twenty-seven percent more efficient operating the Pager Genius System.

Benefits

- Eliminates employees having to call out names and numbers over & over again.
- Employees can page a pager, and then get the next order ready while waiting for customers to respond to previous pages.
- Sometimes customers take important phone calls or are in the restroom. Their pager can be repeatedly paged over and over again until they respond.
- Quiets down your environment! Customers can enjoy their food without hearing names and numbers yelled out from the front counter.
- Operating the Pager Genius System helps your ticket times go down, increasing your bottom line.
- The Pager Genius System operates with any POS system you operate.

Traditional Restaurants

Benefits

- Eliminates hostess having to call out names over & over again.
- Quiets down your environment! Customers can enjoy their food without hearing names yelled out from the hostess stand.
- Waiting customers will be impressed and confident they will be seated in a reasonable time with Pager Genius System in place.
- Reach your customers up to half a mile away when their table is ready.
- Operating the Pager Genius System helps you seat more people, increasing your bottom line.
- Sometimes customers take important phone calls or are in the restroom. Their pager can be repeatedly paged over and over again until they respond.

55%

A Hostess is fifty-five percent more effective operating the Pager Genius System.

Healthcare

Pager Genius will help with Covid-19 customer traffic

Benefits

- Let your patient's social distance outside of your waiting area.
- Reach your patients up to half a mile away when their appointment is ready.
- Page family members waiting for updates from the emergency room.
- Eliminates staff having to call out names and look for patients.
- Pager Genius range extenders are available for extended range to cover large hospitals.

Pharmacies

Serve Pharmacy Customers
Faster And Discreetly

Benefits

- Let your customers social distance outside the waiting area.
- Eliminates overhead paging and yelling out names from staff.
- Let your staff fill more prescriptions instead of looking for customers.
- Add pagers to your system at any time.

Church Nurseries

Page Parents Accurately & Discreetly

Benefits

- Page parents in service discreetly from the nursery.
- Pagers will just light-up and vibrate, so service is not interrupted.
- Super easy to use one-touch paging solution.
- Zero monthly fees.

Benefits

- Eliminates employees having to call out names over & over again.
- Employees can page a pager, and then get the next order ready while waiting for customers to respond to previous pages.
- Sometimes customers take important phone calls or are in the restroom. Their pager can be repeatedly paged over and over again until they respond.
- Quiets down your environment! Customers can enjoy their food without hearing names and numbers yelled out from the food truck.
- Operating the Pager Genius System helps your ticket times go down, increasing your bottom line.
