

**Vericom® 2 Post Relay Racks** are designed to work in a variety of rack system environments where a strong, stable, and durable relay rack is desired. With a small footprint that saves floor space, this 2 Post Relay Rack provides unrestricted airflow for maximum ventilation and easy access to cables for moves, adds, and changes.

Our racks are offered in either high grade aluminum or steel and support up to 1,000 lbs. of standard 19 Inch EIA equipment. Available in three heights, these racks include 10-32 tapped holes and RU markings on both sides for fast and convenient equipment mounting.
