### Improve Productivity and Reduce Strain

The Manhattan LCD Monitor Mount with Double-Link Swing Arms provides a secure and elevated position for two flat-screen monitors to help free up valuable desk and work space. Its fully adjustable tilt, rotate, side-to-side, height and tension settings enable a comfortable and productive viewing position that helps reduce eye fatigue and neck and back strain. LCD monitors can be easily rotated around the pole to allow others to view presentations and other multimedia displays from almost any direction.

### Rugged Construction and Easy Installation

Durable die-cast metal construction and a sturdy clamp provide a quick, easy and secure mount to a desktop or other horizontal surface. VESA compliant and ready to install with included hardware, there's no need to drill holes into desks or countertops.

### Lifetime Warranty
