

Cat# 73002

J-Box Adjustable-Head Emergency Light

The J-box emergency unit is a new product in the emergency lighting field. It is a breakthrough in traditional emergency design, installing directly into a 4" J-box.

The unit will automatically switch to emergency mode when AC power is lost.

Features

- Battery: 4.8V 1800mAH Ni-MH battery
- Emergency operation time: 90 minutes
- Dual-voltage input 120V/277V
- Output wattages: 2.5W, 3 LED
- Luminance: For 7.17 feet (2.1 meter) installation height, within 2.5 feet, luminance is 1~2.6FC
- UL 924 listed

Installation

Designed for installation in 4" J-box Simply open the bottom cover, connect the lead of the product to the J-box power leads, then insert the unit into the J-Box and screw in the two corners. Press the test switch to make sure the unit is installed correctly, and then put the faceplate on.
