

DATA SHEET

USB Type-C to HDMI 4K HDR Adapter

P/N: 9AD-USBTYPEC

Date: 2019-01-04

DESCRIPTIONS

Easily share your devices' content to your friends or business partners, including smart phones, MacBook, and Laptops. Enjoy its hassle-free USB Type-C/Thunderbolt 3 Connector and true 4K Ultra HD ability, and connect your devices to HDMI Monitor, HDTV, or Projectors. This is an ideal solution for those who want to share your achievement or entertainment with astonishing image quality.

It also supports 4K HDR (High Dynamic Range) video quality display with astonishing crystal clear and realistic image (source & display both need to support HDR). You could enjoy more realistic display once attached this adapter.
