

Single Gang 4 PORT premise outlet, loaded, includes snap-inserts:
 1 x CAT6 + 1 x F-Conn (3GHz) + 1 x SC/APC + Blank

SCP PART#:
C63GHzFSCAPC

PRODUCT SUMMARY

4 PORT Single Gang Outlet with removable cover allows flexible terminations when combining multiple service drops into one location.

Surface mountable allows for a minimal compact space to terminate Fiber, Data, Voice & Video into one easy accessible wall outlet.

Compatible with all standard wall plates. Can be used in New construction or Retrofit wiring applications. Mounts to Standard Outlet Box or Low Voltage Box. Surface mounting screws included.

Key advantage for Fiber to Desk, repair splicing, and access test point.
