

SIMPLEX SC/APC TO SC/APC SINGLE-MODE OS2 9/125 FIBER OPTIC
 KEYSTONE JACK W/SHUTTER, HIGH DENSITY SNAP-IN DESIGN, 1 JACK/EA

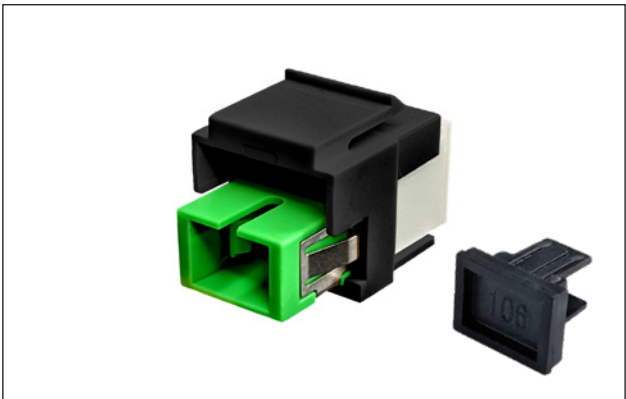

SCP PART#:
F-KJ-SMSCASCA-WT
F-KJ-SMSCASCA-BK

PRODUCT SUMMARY

Keystone snap-in modules provide feed-through patching via any industry-standard keystone patch panel or wallplate and connect two single mode fiber optic cables while contributing to a clean and professional installation.

FEATURES & BENEFITS

- Simplex SC/APC to Simplex SC/APC
- Single mode (OS2) compatible
- Low insertion loss
- External Auto-Shutter dustcap
- Internal removable dustcap
- High Density Snap-In Design
- RoHS Compliant
- Available in White: **F-KJ-SMSCASCA-WT**
 and Black: **F-KJ-SMSCASCA-BK**

SPECIFICATIONS

Physical Specifications	
Connector Type (End A)	Female simplex SC
Connector Type (End B)	Female simplex SC
Polish Type	APC / APC
Coupler Style	Keystone
Color	Keystone: White or Black / Coupler: Green
Mechanical Specifications	
Fiber Type	Single mode OS2
Supported Fiber Count	Simplex (1 strand)
Housing Material	ABS+PC plastic UL 94V-0
Locking Clip Material	Phosphor Bronze
Environmental Specifications	
Operating Temperature	-4 - 140°F (-25 - 60°C)
Storage Temperature	-40 - 158°F (-40 - 70°C)
Operating Humidity	0 – 95%, non-condensing
