SX SERIES

SX SERIES

VSSL introduces the latest in-home audio enjoyment with the SX series - a wireless 5.1-channel configuration utilizing the latest technology in audio to bring your TV and music to life. The SX Series is designed to bring the movie theater and music concert experience directly to your home. The system is sleek and powerful - with a soundbar, subwoofer, and 2 surround sound speakers enveloping you in your sound experience. Although this system is made to seamlessly work together - the SX speakers, subwoofer, and soundbar can also be utilized individually. The SX Series utilizes many of the other features of our VSSL devices - such as Airplay 2 and Siri, Chromecast Built-In and Google Assistant, Spotify Connect, Bluetooth; and more!
