VERICOM®

Wall Mount Rack

Description

Vericom's Wall Mount Racks are a cost-effective solution for storing rackmount IT equipment in environments that don't require a lockable cabinet. The open frame design provides easy access to equipment and is shipped unassembled and flat packed for easy handling and reduced freight cost.

- Provides 18" of equipment depth
- 19" mounting rails
- 10 - 32 tapped holes with printed RU markings
- 16" keyhole spacing for mounting to wall

Product Specifications
