# Sand Art Instructions

1.Use a toothpick to peel off an area of the pre cut labels, we suggest starting with the outline using black sand

2. Use a spoon to sprinkle coloured sand onto the sticky area

3. Gently press the sand down onto the sticky surface

4. Remove excess sand by tapping the card gently

5. Return excess sand to the bag

6. Repeat the steps for the other colours until the picture is finished

NB: Always work from DARKEST to LIGHTEST sand colours
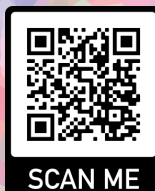

*White sand should always be last

Caution: Sand not to be consumed or inhaled. Supervise all children whilst doing this activity.
Wash hands on completion.
Recommended for ages 3 and above.
