1047030 Ford 7.3L Boot and Clamp Kit 1999.5-2003 7.3L Powerstroke (I-00157)

All supplied boots are of the finest quality in the industry and exceed factory specifications. The silicone boots use a 4ply high temperature Nomex fiber for increased high temperature strength and long-term durability. As well the boots are lined with flurosilicone to prevent the oil from reducing the operational life. All the clamps are made of stainless steel, with the heavy-duty clamps providing over 400 lbs of clamp force.
