

HOW TO USE OUR Shower Steamers

Step 1: Position the shower steamer in your shower where it can become slightly damp (but not soaked)

Step 3: Watch the steamer fizz and release its aromatic scents.

Step 2: Start your shower and allow it to become warm and filled with steam.

Step 4: If any of the steamer remains, remove it from the shower and allow it to thoroughly dry for future use.

CLEAN, SIMPLE INGREDIENTS:

Sodium Bicarbonate (helps shower steamer fizz), **Citric Acid** (helps shower steamer fizz), **Corn Starch** (holds the shower steamer together and slows dissolving time), **Witch Hazel** (protects and distributes oils), **Menthol crystal** (promotes congestion relief), **Eucalyptus essential oil** (cooling and relaxing).

This is Margy

Margy, the founder's mom, is the creative genius behind our original shower steamers. Her love and dedication have gone into crafting these exceptional products. With every shower steamer she creates, her intention is to help you unwind, rejuvenate, and prioritize self-care right in the comfort of your own home.

Our Story

In 2018, Katie Gamble, an alumna of the Gustavson School of Business, embarked on a journey that would be defined by the motto: "One small change has a major impact." What began as a humble school project, operating from Katie's childhood home has since evolved into a buzzing beehive dedicated to community and sustainability. Our company specializes in producing sustainable home goods that are beautiful, practical, and easy to use. Our devoted and close-knit team is fiercely committed to the cause of creating a cleaner planet. Our guiding principles revolve around sustainability, community, impact, and education, underpinned by our identity as an inclusive, woman-owned, and operated Canadian company that champions sustainability at its core. We are so thankful for your support of our small business!
