

Waxing Blocks

CANADIAN MADE AND PLASTIC FREE

NATURE BEE WAXING BLOCKS ARE MADE FROM THE SAME AMAZING INGREDIENTS WE INFUSE INTO OUR NATURE BEE BEESWAX WRAPS. WHETHER YOU ARE REFRESHING YOUR OLD WRAPS, OR MAKING NEW BEESWAX WRAPS FROM SCRATCH - THIS BLOCK IS FOR YOU!

TO USE, SIMPLY LAY YOUR OLD BEESWAX WRAP OR COTTON FABRIC ONTO A PIECE OF PARCHMENT PAPER.

USE A CHEESE GRATER OR A KNIFE TO GRATE OR CUT YOUR WAX BLOCK, AND DISTRIBUTE WAX PIECES EVENLY ACROSS WRAP. WE RECOMMEND USING 1/4-1/3 OF A BLOCK TO REFRESH AND 1/2-2/3 OF A BLOCK TO CREATE 1 SMALL WRAP FROM SCRATCH! THE BIGGER THE WRAP YOU ARE MAKING, THE MORE WAX YOU WILL NEED.

LAY ANOTHER PIECE OF PARCHMENT PAPER ON TOP OF YOUR WRAP. ON ITS LOWEST HEAT SETTING, USE AN IRON TO MELT THE WAX INTO THE COTTON BASE OF THE WRAP. ONCE THE WAX IS ALL MELTED, REMOVE YOUR WRAP FROM THE PAPER AND LET AIR DRY.
