

Brand **Graeson**
Model Number **GN2300**
Model Description **Voltemp Salon Hair Dryer, Rollerstand**

The Graeson Voltemp Salon Hair Dryer is an easy-to-use, professional-grade dryer that features straight-forward dial controls, a quiet powerful motor, and space-saving design. With heavy-duty construction, powder-coated finished and stainless steel heating element, the Voltemp will provide years of dependable services in any salon operation. The Voltemp features oversized jumbo smoked transparent hood, removable washable filter, and black metal cabinet. The built-in temperature probe and rheostat ensure that the selected temperature from 80°F to 150°F will be accurately maintained throughout the timed cycle. The Voltemp can be used with dryer-chairs that accommodates the cabinet-cutouts: 24 1/2"H x 12 1/4"W x 7 5/8"D.
