Product Overview

Based on the scissor-lift system, the Paragon EB04 Electric Base can quickly and quietly fold and expand to offer the wide range of heights AND it can do it without constant electrical connection. A quick overnight charge of the re-chargeable lithium battery provides a week¹ of use. Ideal for :

- Shorter-statured clients
- Shorter-statured stylist
- Taller-statured stylist
- Stations without dedicated electrical outlets
- Salons seeking wire-free operation and a clutter-free look
