

MONTANA FORGE

Luxury for Every Home

Custom Luxury for Every Home

Our Montana Forge hardware is one of the most affordable luxury brands in the industry, helping you step-up to a new and exciting level of exquisite craftsmanship.

This solid-forged brass designer hardware is manufactured to the highest standards, combining advanced luxury features with the finest available materials and finishes.

Create Your Own Personal Expression

This beautifully designed door hardware is also one of the most customizable in the industry, allowing your customers to create unique styles they love and adore.

You can mix and match any rosette with any knob or lever in any finish, designing your own style to reflect your own personal expression.

Advanced Features

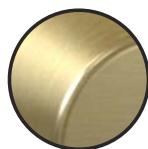

Montana Forge includes advanced features such as solid brass cylinders, nickel plated bolts, concealed screws, all metal nickel plated chassis, built in lock washers, and a “convenience latch” with a short 28-degree rotation for easy access.

MONTANA FORGE

Luxury for Every Home

Eric Love - Builder:

“With Montana Forge, I feel that relationships are key and as a customer I feel they put my needs first. They have quality, durable product that is continuously in stock. I use their Montana Forge products because I really like the mix & match capability and easy to change combinations for great flexibility. They have great customer service, very knowledgeable and a partner I can count on.”

Kate Cape - Home Owner:

“I love my door handles from Montana Forge! They’re a major upgrade. I never realized how much of a difference it would make changing all the hardware in our house. Every time I open up a door I just smile.”
