Tasting notes and food recommendation:

We proudly present: Cuvée Rouge No. 2 – a full-bodied bouquet, powerful and youthful at the same time. Underlined by pepper notes, dark fruits and berry flavours carry us back to the heart of Spain, to the sunny plateau of La Meseta.

Our Cuvée Rouge No.2 is a perfect companion for grilled specialities, risotto or pasta variations.

About the vintner:

In the middle of the Spanish plateau "Meseta de Ocana" not far from Toledo, three friends founded their own winery in 1999: Margarita Madrigal, Alexandra Schmedes and Gonzalo Rodriguez. The revival of regional traditions became the basis of their way of working, which is characterised by the ecological cultivation of 35 hectares of native grape varieties and the extremely continental climate. Together with Alexandra, the first Spanish red wine, Cuvée Rouge No.2, was developed - she regularly visited the Kolonne office for tastings to follow the development of the co-produced wine together with us.
