

Valera Screens Unleashing Classrooms Program

The Unleashing Classrooms program has been designed to make it easier for educators to incorporate green screen technology into the digital classroom. Built around the specific needs of K12, this program provides exclusive discounts, support programs, and training content.

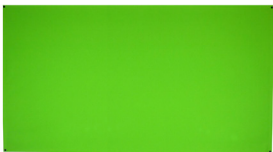

Benefits

- Standard 10% discount for education (order must be placed with .EDU address)
- Free ground shipping on all orders
- Custom pricing for large volume or site wide deployments
- Access to online content and tutorials for popular green screen software and apps
- Reduced pricing for replacement green screen fabric and parts
- Custom fund raising programs available selling green screens to the families
