SOFT BOARDS

A Harmony Between Balance Boards and Floating on Air

SKU: WBSBB / WBSBR / WBSBA

Product Description

Soft boards create the light and cushiony sensation of floating on air while also providing a tool for balance training. The unique 3D movement sensation created by the soft boards helps improve balance, coordination and agility. With three different styles ranging in difficulty, these boards appeal to everyone from professional athletes to seniors. They are ideal for use in a clinic, home or office.
