## OLIVE GAP ORGANIC FARM

Olive Gap Farm is on Bandjalang Country

This young group of farmers are producing certified organic small batch Tea Tree oil and seasonal cut flowers all off grid in Northern NSW. Their team consists of Alex and Tara, their three daughters, Tess and Nina (their dog, Ulvi). They have a passion for regenerative farming and love to explore the culture of farming through the mediums of art and music.

## THE GOOD TIME MERCHANTS

HQ of The good time merchants is on Birpai Country

The good time merchants are many things.

They run small venues around Australia – in Gluttony & The Garden during Adelaide Fringe. Most recently they have developed a small range of eco carnival packaging products!

It stemmed from finding out there was no compostable popcorn packaging and that all boxes and bags currently have a plastic film coating. So Gordo (The Great Gordo Gamsby) designed and made some that were compostable. Then he looked into other carnival packaging and found out just how un 'eco' it all is, so he's increasing their products, as they find the need, while making sure it's as eco and cost effective as possible. They now supply several companies with popcorn boxes and floss bags.
