Noah Builds an Ark

Noah loved God and wanted to live under his rule. God told him that he was sending a flood to cover the earth. He told him to build a huge boat and take his family and some of every animal inside. God promised to keep Noah safe. So Noah built an ark.

God sent rain that fell for forty days and covered the whole earth. Noah's boat was the only thing left. Then God made the waters go down and told Noah to come out. God promised he would never flood the world again, and he put a rainbow in the sky to remind people of his promises.
