

Clinical Nutrition

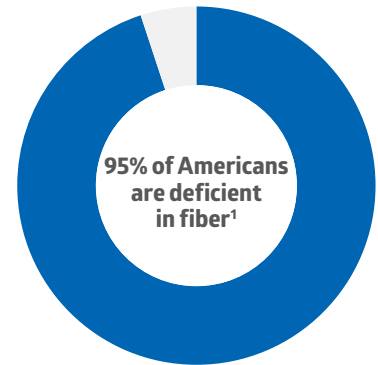

Dietary Fiber+

Liquid supplement

For bowel regularity and digestion

Medline's Dietary Fiber+ supports bowel health, regularity and digestion for those with chronic constipation or irregular bowel movements*

All natural ingredients help encourage bowel regularity

Heart

Balances cholesterol to support heart health*

Stomach

Helps with satiety to sustain a healthy weight*

Pancreas

Maintains healthy blood sugar levels*

Large intestine

Promotes healthy microflora balance*

Features

- Formulated with the prebiotic inulin, which helps stimulate growth of beneficial bacteria to promote bowel regularity*
- Made with nondigestible complex carbohydrates designed not to alter blood sugars*
- Sugar free
- 15 g fiber per 1-oz. serving
- Vanilla crème flavor

Ordering Information

Item No.	Description	Pkg.
ENTFIBER	Fiber+ liquid fiber supplement, 32-oz. bottle	6/cs

Drink
directly

Through
feeding tube

Mixed with
other beverages

Recommended usage

Shake well. Take 1/2–1 fluid ounce (15–30 mL) by mouth or mix with any hot or cold beverage or food. Slowly increase to reach 1–3 times per day, as needed. If using laxatives, gradually discontinue them after satisfactory bowel function. It is important to increase fluid intake with increased dietary fiber.

Feeding tube use: Infuse via syringe through feeding tube. Flush with at least 30 mL of water both before and after use. Continue tube feeding as prescribed. **Do not mix with tube feeding formula.**

Not for parenteral use.

Item No.	Serving	Frequency
12 years to adult	½–1 fluid ounce	2–3 times per day
6 to 11 years	½–1 fluid ounce	1–2 times per day
Under 6 years	Consult your physician
